

THE END IS NEAR; JUST TWO WEEKS---

In which we must sell between \$4,000 and \$5,000 worth of desirable merchandise. We don't expect to get what this merchandise cost us; but we must sell it. The loss is ours, the gain is yours. Merchants can buy from us much cheaper than in any market on earth. Individuals can do the same thing. WHY NOT take advantage of this opportunity? Some winter goods you may not need right now; but why not buy now, when you can buy for ONE FOURTH or ONE HALF the price you will pay later. If you've got the CASH, this sale is a money saver.

Total—23,260 feet.
Summing up.
6,796 square Yds. sidewalk \$6,116.40

Brakeman Was Cured.
F. A. Wootsey, a railroad brakeman of Jacksonville, Texas, writes: "I was down with kidney trouble and rheumatism so bad I could hardly get up when I sat down. I had a backache all the time and was in great dread of living. I saw Foley Kidney Pills advertised. I took some and after a short time I was thoroughly cured and am having no more trouble. They act promptly and help kidneys throw poisonous waste products out of the blood. Thousands have written similar letters. Sold everywhere."

Personal

Dr. A. Glenn Evans spent Sunday in Pendleton with his parents.

Mr. Irving Barnett of Pendleton was a business visitor in the city yesterday.

Mrs. C. Burriss of Spartanburg is visiting her father, Mr. J. H. Hutchison.

ITCHING ECZEMA IS DRIED RIGHT UP WITH SULPHUR

Use like cold cream to subdue irritation and clear the skin.

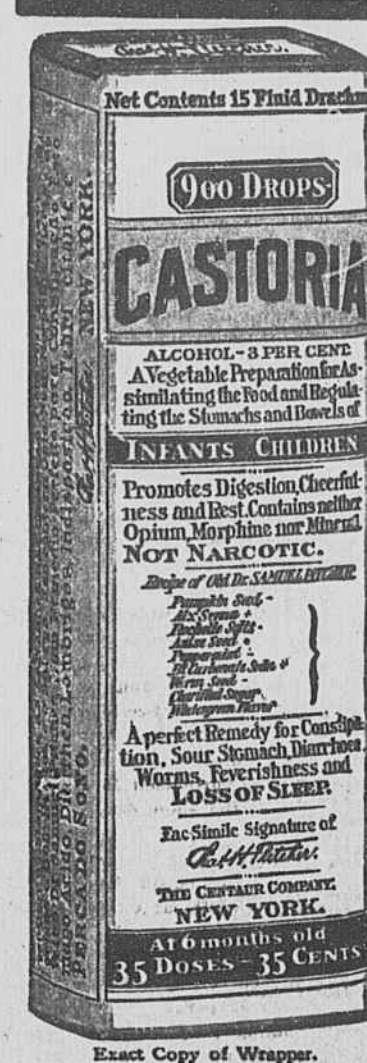

Any breaking out or irritation on the face, arms, legs and body when accompanied by itching, or when the skin is dry and feverish, can be readily overcome by applying a little bold-sulphur, says a noted dermatologist. He informs us that bold-sulphur instantly allays the angry itching and irritation and soothes and heals the Eczema right up leaving the skin clear and smooth. Bold-sulphur has occupied a secure position for many years in the treatment of cutaneous disorders because of its parasite-destroying property. Nothing has ever been found to take its place in treating the irritable and inflammatory skin affections. While not always establishing a permanent cure it never fails to subdue the itching irritation and drive the Eczema away and it is often years later before any eruption again appears. Those troubled should obtain from any druggist an ounce of bold-sulphur, which is applied to the affected parts in the same manner as an ordinary cold cream. It isn't unpleasant and the prompt relief afforded, particularly in itching Eczema, proves very welcome.
